

Applicants respectfully traverse on the grounds that the Office has not shown that a burden exists in searching the entire application.

Further, MPEP §803 states as follows:

If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on its merits, even though it includes claims to distinct or independent inventions.

Applicants submit that a search of all claims would not constitute a serious burden on the Office, particularly in view of the fact that Groups I and II are both are classified in the same subclass (class 514, subclass 564).

Applicants respectfully submit that the above-identified application is now in condition for examination on the merits, and early notice of such action is earnestly solicited.

Respectfully submitted,
